A family business with a
passion for whisky

THE GLENCAIRN[®]

GLASS

The Queen's Award
for Innovation.

In the long and illustrious history of whisky, there has never been a single definitive glass that the whisky world could call its own. Now, following in the tradition of Scottish innovation, the **Glencairn Glass has arrived.**

Combining the knowledge and expertise of some of the whisky world's leading innovators. The Glencairn Glass's roots lie in the traditional nosing and tasting glasses used by master blenders and connoisseurs around the world.

The unique and stylish shape has been crafted with eminent care to **enhance** the enjoyment of single malts and aged blends. The tapering mouth allows an **ease of drinking** not associated with traditional nosing glasses, while **capturing** that all-important bouquet. The wide bowl allows the **fullest appreciation** of the whisky's colour and the solid base is designed to be easy on the hand.

The time and effort put into all this development was rewarded in 2006 when the Glencairn Glass won **The Queens Award for Innovation.**

A family business with a passion for whisky -

Glencairn Crystal has serviced the whisky industry for more than 30 years.

Offering a full in-house service, our expertise in glass decoration and product design is complemented by our label and packaging design service.

This gives our customers a fully bespoke and highly flexible one stop design and manufacturing supplier, which is capable of taking any concept and creating a quality product to specification.

“...congratulations to everyone at Glencairn
for what you have done for whisky”

John Hansell, Editor, Malt Advocate

“...like a good whisky, this glass has plenty
of character.”

Richard Paterson, Master Blender, Whyte & Mackay

“...a design which reflects the quality
of Scotch and raises its profile.”

Campbell Evans, Scotch Whisky Association

The Queen's Award
for Innovation.
